### **Attention Service-Learning Advocates! Join the National Service-Learning Partnership, a new organization to expand K-12 service-learning nationwide.**

Please join the organizations and individuals that are launching the National Service-Learning Partnership, a new membership organization dedicated to making service-learning part of every student's education. Only by working together can service-learning advocates mount a successful effort to help Americans embrace service-learning. To make this happen, we need an organization that can speak with a united voice, mobilize existing organizations, and galvanize action. The National Service-Learning Partnership will do this. Enroll before June 1, 2001 and you will be a Founding Member, entitled to participate in the first set of governance committees that will chart the Partnership's early course. Membership is free for the first year (until June 1, 2002). Enroll Now at [www.learningindeed.org/leadership/ldrshpnt.html](http://www.learningindeed.org/leadership/ldrshpnt.html)
